

# LADYBUG DICE GAME

## Object of the game:

To complete 6 ladybug drawings before the other players.  
\*If younger children are playing you may only want to draw 4.

## Game pieces:

1 6-sided die

Paper

Pencil, crayons, or markers

Printer (or you can draw out the sheets yourself)

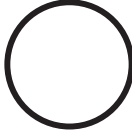

## How to play:

Download and print a playing sheet for each player.

Download and print the ladybug rules sheet.

The youngest player goes first.

The first player rolls the die, counts the number on the die and, if they are able to do so, draws the body part that matches the number on the rules sheet.

<b>1</b>		<b>DRAW CIRCLE FOR BODY</b>
<b>2</b>		<b>DRAW A STRIPE</b>
<b>3</b>		<b>DRAW A HEAD</b>
<b>4</b>		<b>DRAW TWO ANTENNAE</b>
<b>5</b>		<b>DRAW FIVE SPOTS</b>
<b>6</b>		<b>DRAW SIX LEGS</b>

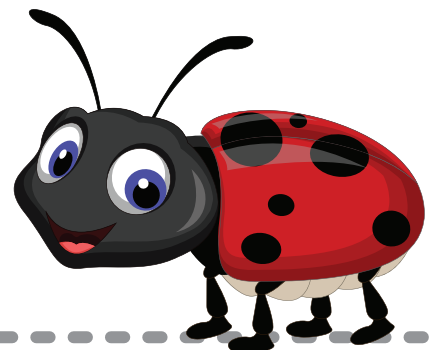

You must roll the numbers in order starting with 1 for the body, 2 for the stripe, etc. (For example: if you roll a 5 you cannot draw the legs until your ladybug has a body, stripe, head and antennae)

If you roll another 1 before completing your previous ladybug then you can start drawing another ladybug and adding the body parts in order as you roll them. You can, therefore, have several ladybugs at different stages of completion.

Continue to follow the rules sheet diagram to eventually draw all of the body parts on each ladybug.

**Complete all 6 ladybugs to win the game!**

**GOOD LUCK!!**
